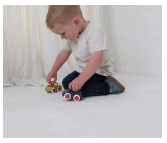
Baby Roadster

Item number **76020**

The Baby Roadster is a small free-wheeling vehicle for babies from six months. The child grips it, pushes it along the floor and follows it as it rolls away, then twists the driver's head round. Safe for teething and built to be strong and durable, it is one of a collectable series of vehicles that invites early push-and-roll play and plenty of talk about colour and features.



KEY FEATURES

Free wheeling
Rolls freely across the floor when the baby pushes it.

Twisting driver's head
The driver's head twists round for a simple hands-on action.

Safe for teething
Made to be mouthed safely by teething babies.

Strong and durable
Built to withstand daily handling from six months onwards.

LEARNING & DEVELOPMENT

Movement & gross motor
The baby pushes the vehicle away and moves to follow it.

Fine motor skills
Gripping the vehicle and twisting the driver's head exercise small hand movements.

Language development
Adults talk about colour, size and features and add sound effects as the vehicle rolls.

Social interaction
Pushing the vehicle back and forth becomes an early turn-taking game.
