

Travel Set

Land, air and rail vehicles for sorting, comparing and talking about journeys. Supports classification, language development and role play in small groups.

CONTENTS

3 vehicles

MARKET

Dual — Home & Education

WHAT IS IN THE SET

Baby Train

11 × 6.6 × 8 cm

Baby Helicopter

9 × 9 × 7 cm

Baby Aeroplane

9 × 8 × 9 cm

WHAT CHILDREN LEARN

How we travel

Rails, roads and sky — three different answers to the same question.

Sorting

Sort by where it goes, how many wheels, who could ride in it.

Journey language

Off we go, along, over, under, arrive, wait, next stop.

Fine motor

Rolling on rails, twisting the driver, spinning the rotor.

Shared journeys

Everyone has been somewhere. Every child has a story to tell.

Imagination

Where are we going today? The answer is never the same twice.

ONE SET, FIVE YEARS OF PLAY

6–12m

Holds and mouths one vehicle; pushes it and watches it go

1–2y

Names the train, the plane, the helicopter; makes the sounds

2–3y

Sorts by where it travels; lines them up and counts

3–5y

Plans and narrates a journey with stops, delays and arrivals

TRY THIS ON DAY ONE

All Aboard

12–24 months · Push the train back and forth between you, naming each stop.

Land, Air, Rails

2–4 years · Three hoops on the floor. Put each vehicle where it belongs and say why.

Sounds of Travelling

18 months–3 years · Make one vehicle's sound and hold all three up.
