Roller Rattle

Item number 76003

A colourful ball that rattles as it moves, giving babies their first experience of rolling. The child pushes it, hears the rattle and watches it travel across the floor, then crawls after it or rolls it back to an adult. Suitable for the nursery, the garden or the bath, it turns a simple rattle into movement, sound and an early to-and-fro game.

KEY FEATURES

-  **Rolling ball**
Rolls across the floor when pushed or nudged.
-  **Rattling sound**
Rattles as it rolls, linking sound to movement.
-  **Nursery, garden or bath**
Works indoors, outdoors and in the water.
-  **Colourful design**
Bright colours make the ball easy to track as it rolls.

LEARNING & DEVELOPMENT

-  **Movement & gross motor**
The baby rolls the ball and crawls after it.
-  **Cause and effect**
Pushing the ball makes it roll and rattle.
-  **Social interaction**
Rolling the ball to and fro with an adult is a first shared game.
-  **Language development**
Adults talk about the rolling motion, colours and sounds.

PRODUCT INFORMATION

Specifications from the TOLO product database

Age	3 months +
Item number	76003
UPC / EAN	019287760033
Contents	Roller Rattle

Packaging dimensions	9 × 9 × 10 cm
