Rolling Ball Shape Sorter

Item number 76004

A shape sorter in the form of a ball that also rolls along the floor. Six shapes, each with its own rattle sound, post through matching holes; a twist opening locks the ball shut and opens it quickly to empty it. The child explores each shape, works out where it fits, learns which colour matches which hole, then rolls the ball away and goes after it.

KEY FEATURES

-  **Ball and sorter**
Posts shapes like a sorter and rolls like a ball.
-  **Twist opening**
Twist to lock or open for quick emptying.
-  **Six rattling shapes**
Each shape has a separate rattle sound.
-  **Colour matched holes**
Shapes and holes match by colour as well as shape.

LEARNING & DEVELOPMENT

-  **Shape recognition**
Each shape fits only its own hole; the wrong one will not go in.
-  **Colour recognition**
Colour matching gives a second clue to the right hole.
-  **Fine motor skills**
Turning and posting shapes exercises dexterity.
-  **Movement & gross motor**
Rolling the sorter away encourages the child to move and retrieve it.

PRODUCT INFORMATION

Specifications from the TOLO product database

Age	12 months +
Item number	76004
UPC / EAN	019287760040
Contents	Ball sorter, 6 rattling shapes

Packaging dimensions	15 × 15 × 15 cm
Product weight	0.32 kg
Master carton	12 pcs · 47 × 32 × 32.5 cm · 0.049 m ³ · 5.8 kg gross

Sits alongside the Rolling Shape Sorter (76007) and Teatime Shape Sorter (76008) in the Classic Shape Sorters category.
