Baby Helicopter

Item number **76016**

The Baby Helicopter is a small free-wheeling vehicle for babies from six months. The child grips it, pushes it along the floor and follows it as it rolls away, then twists the driver's head round. Safe for teething and built to be strong and durable, it is one of a collectable series of vehicles that invites early push-and-roll play and plenty of talk about colour and features.

KEY FEATURES

-  **Free wheeling**
Rolls freely across the floor when the baby pushes it.
-  **Twisting driver's head**
The driver's head twists round for a simple hands-on action.
-  **Safe for teething**
Made to be mouthed safely by teething babies.
-  **Strong and durable**
Built to withstand daily handling from six months onwards.

LEARNING & DEVELOPMENT

-  **Movement & gross motor**
The baby pushes the vehicle away and moves to follow it.
-  **Fine motor skills**
Gripping the vehicle and twisting the driver's head exercise small hand movements.
-  **Language development**
Adults talk about colour, size and features and add sound effects as the vehicle rolls.
-  **Social interaction**
Pushing the vehicle back and forth becomes an early turn-taking game.

PRODUCT INFORMATION

Specifications from the TOLO product database

Age	6 months +
Item number	76016
UPC / EAN	019287760163
Contents	Baby Helicopter

Packaging	Hangtag, in a paper bag
Product weight	0.06 kg
Master carton	80 pcs · 41.5 × 39.5 × 38.5 cm · 0.063 m ³ · 6.67 kg gross
