Pop Up Chickens

Item number 76040

Friendly chicken characters with two pop-up surprises. Babies from six months push down on the body to make the head pop up, and push down on the tail to make the baby chick pop out. Pressing the body also makes the feet squeak. Simple pushes with clear results build motor skills and early cause and effect, and lend themselves to peek-a-boo games with an adult.

KEY FEATURES

-  **Pop-up head**
Push down on the body and the head pops up.
-  **Pop-out baby**
Push down on the tail and the baby chick pops out.
-  **Squeaky feet**
Press the body for a squeaking sound.
-  **Friendly characters**
Cute chicken characters for peek-a-boo play.

LEARNING & DEVELOPMENT

-  **Cause and effect**
Pushing the body or tail produces a pop-up or squeak straight away.
-  **Fine motor skills**
Pushing down on the body and tail develops hand strength and control.
-  **Social interaction**
Peek-a-boo with the popping head and chick becomes a shared game.
