My First Scales

Item number 76045

A first set of weighing scales for toddlers from twelve months, with six coloured shapes that each contain a different rattle sound. Children place shapes on the pans and watch the scales tip; the eyes close when the scales are off balance and open when they are level. Mirrored surfaces add reflection play. The scales introduce weight and balance through hands-on trial and error.

KEY FEATURES

-  **Six rattling shapes**
Six coloured shapes, each with a different rattle sound.
-  **Balance eyes**
The eyes close when the scales are off balance.
-  **Mirrored surfaces**
Reflective surfaces for babies to look into.
-  **Weighing pans**
Load and unload shapes to tip and level the scales.

LEARNING & DEVELOPMENT

-  **Problem solving**
Adding and removing shapes to level the scales introduces weight and balance.
-  **Hand-eye coordination**
Placing shapes onto the pans practises careful, aimed placement.
-  **Colour recognition**
Adults can name the colours and shapes as they are weighed.
-  **Cause and effect**
Each shape added tips the scales and changes whether the eyes open or close.
