First Friends Brontosaurus

Item number 76057

First Friends Brontosaurus is a poseable dinosaur for children from one to five years. The child clicks its long neck and tail from side to side and moves its legs to make it walk, stand or stretch up to eat leaves from the trees. Safe for teething, it is explored with hands and mouth first, then joins the other First Friends dinosaurs in role play.

KEY FEATURES

-  **Clicking head and tail**
Turn them and hear the click.
-  **Poseable legs**
Move the legs for a variety of poses.
-  **Safe for teething**
Suitable for the youngest children to mouth.
-  **Collectable dinosaur**
Joins the other First Friends dinosaurs.

LEARNING & DEVELOPMENT

-  **Imaginative play**
A gentle leaf-eater to graze and wander through dinosaur stories.
-  **Fine motor skills**
Clicking head, tail and legs into position works small hands.
-  **Language development**
Children learn words for neck, tail and leaves, and talk about what dinosaurs ate.
-  **Social interaction**
Adult and child act out scenes together, taking turns to lead.
