First Friends Garbage Truck

Item number 76088

The First Friends Garbage Truck is a strong, free-wheeling refuse truck that comes with its own driver figure. The child pushes the truck along the floor and crawls or runs after it, then poses the driver, who has a clicking head, moving arms and legs, a squeaking tummy and a hat that moves around for different looks. The driver is safe for teething and fits every First Friends vehicle.

KEY FEATURES

Free-wheeling truck

Push it along the floor and chase after it.

Driver included

Clicking head, moving arms and legs and a squeaking tummy.

Moveable hat

The driver's hat moves around for different looks.

Strong and durable

Built to withstand repeated pushing and crashing.

LEARNING & DEVELOPMENT

Movement & gross motor

Pushing the truck and crawling or running after it builds whole-body movement.

Imaginative play

Driver and truck together prompt collection-round stories with other First Friends figures.

Language development

Talking about where rubbish goes and what the truck does builds vocabulary.

Early numeracy

Counting the wheels and naming the colours as you play introduces early number talk.
