

FIRST FRIENDS · POLAR

First Friends Whale and Polar Boy Set

Item number 76096

The First Friends Whale and Polar Boy Set brings the Polar range into the bath, pool or beach. The child holds the friendly faced Whale under the water and presses the button on its tummy to send a squirt of water from its blow hole, then plays out polar stories with the Polar Boy. Both are safe for teething and collectable, combining cause and effect with water play.

KEY FEATURES

-  **Squirting blow hole**
Press the tummy button under water and the Whale squirts from its blow hole.
-  **Bath, pool or beach**
Suitable for use in the bath, at the pool or on the beach.
-  **Polar Boy included**
A Polar Boy figure to play alongside the Whale.
-  **Safe for teething**
Made to be mouthed safely by younger children.

LEARNING & DEVELOPMENT

-  **Water play**
Submerging the Whale and pressing the button turns bath time into active play.
-  **Cause and effect**
Pressing the tummy button produces a squirt, linking the child's action to a result.
-  **Imaginative play**
Whale and Polar Boy together prompt polar stories with other First Friends figures.
-  **Language development**
Talking about whales, the sea and the polar world builds vocabulary.
