First Friends Astronaut - Boy

Item number 76100

A First Friends Astronaut figure with a visor that opens and closes over the face. The head, arms and legs click into different poses and the tummy squeaks when pressed. Children lift and lower the visor, move the limbs and squeeze for a sound, then talk about what an astronaut does, turning simple handling into storytelling and new vocabulary.

KEY FEATURES

-  **Opening visor**
The helmet visor opens and closes to reveal the astronaut's face.
-  **Squeaking tummy**
Press the tummy and it squeaks, encouraging repeated cause-and-effect play.
-  **Clicking joints**
Head, arms and legs click through a variety of poses.
-  **Safe for teething**
Suitable for babies who mouth and chew their toys.

LEARNING & DEVELOPMENT

-  **Fine motor skills**
Opening the visor and clicking the limbs into position builds finger control.
-  **Cause and effect**
Squeezing the tummy produces a squeak the child learns to repeat.
-  **Imaginative play**
Children act out space travel and invent adventures for their astronaut.
-  **Language development**
Talking about the astronaut's job and equipment introduces new words.

PRODUCT INFORMATION
