

FIRST FRIENDS · FARM

First Friends Tractor & Farmer (non-powered version)

Item number 76104

A First Friends Tractor with its own Farmer, in a non-powered version that children push along the floor by hand. The farmer lifts out and sits back in the seat, has a squeaking tummy and clicking head, arms and legs, and his hat turns for different looks. Children drive the tractor around the farm, chase after it and add engine sounds and stories.

KEY FEATURES

-  **Non-powered tractor**
Pushed along by hand, with no batteries or motor.
-  **Farmer included**
Squeaking tummy, clicking head, arms and legs; safe for teething.
-  **Moveable hat**
The farmer's hat turns around for different looks.
-  **Strong and durable**
Built to withstand repeated pushing, chasing and floor play.

LEARNING & DEVELOPMENT

-  **Movement & gross motor**
Children push the tractor along and crawl or run after it.
-  **Hand-eye coordination**
Seating the farmer and steering the tractor guides careful hand control.
-  **Imaginative play**
Children invent farm jobs for the tractor and its driver.
-  **Language development**
Talking about wheels, farm and driving builds vehicle vocabulary.
