First Friends Kangaroo

Item number 76106

A First Friends Kangaroo, one of Australia's most famous animals, for children to handle and pose. The head and tail click as they move, and the arms and legs can be set in a variety of positions. Children explore what moves, compare the toy with pictures of real kangaroos and bring it into animal stories alongside other First Friends.

KEY FEATURES

-  **Clicking head and tail**
Head and tail move with a click the child can hear and feel.
-  **Poseable limbs**
Arms and legs move into a variety of poses.
-  **Safe for teething**
Suitable for babies who mouth and chew their toys.
-  **Collectable animal**
Joins the First Friends Safari and Wild animal collection.

LEARNING & DEVELOPMENT

-  **Fine motor skills**
Moving the head, tail and limbs into position exercises small hands.
-  **Imaginative play**
Children invent stories about where the kangaroo lives and what it eats.
-  **Language development**
Talking about size, colour, tail and ears builds animal vocabulary.
