First Friends Baby with Crib

Item number **76116**

A little First Friends Baby with its own rocker to complete the family. The baby has a clicking head and moving arms and legs, and both baby and rocker can be set in different positions. Children lift the baby in and out, rock it gently and take on the caring role, talking about feeding, cuddling and looking after a baby.

KEY FEATURES

-  **Rocking crib**
Place the baby in the rocker and rock it back and forth.
-  **Clicking head**
The baby's head clicks as it turns.
-  **Moving arms and legs**
Arms and legs move so the baby can be posed.
-  **Completes the family**
A baby to join the First Friends family and play house.

LEARNING & DEVELOPMENT

-  **Fine motor skills**
Lifting the baby in and out of the rocker and posing its limbs builds hand control.
-  **Emotional development**
Caring for the baby helps children practise gentleness and looking after others.
-  **Imaginative play**
Children act out feeding, rocking and bedtime routines.
-  **Language development**
Talking about rocking, gentle and baby introduces simple caring words.
