

CLASSIC · RATTLES & TEETHERS

Mouse Rattle

Item number **76119**

The Mouse Rattle is a colourful, easy-grip rattle with a friendly face, designed for babies from three months and safe for teething. The baby shakes it to hear the rings rattle, slides the shapes around the ring, and twists the ears and tail to feel them click. Each action gives a clear response, so exploring with hands and mouth turns into early discovery.

KEY FEATURES

-  **Easy grip**
Shaped for small hands to hold and shake.
-  **Clicking ears**
Twist the ears to feel and hear them click.
-  **Rotating tail**
The tail turns round for extra fiddling.
-  **Rattling rings**
Shapes move around the ring and rattle when shaken.

LEARNING & DEVELOPMENT

-  **Fine motor skills**
Twisting ears, turning the tail and sliding shapes work small fingers.
-  **Cause and effect**
Shake it and it rattles; twist it and it clicks.
-  **Sensory exploration**
Safe for teething, so babies explore it with mouth as well as hands.

PRODUCT INFORMATION
