Clip On Friends - Teddy Bear

Item number 76120

Clip On Friends Teddy Bear is a friendly-faced character that attaches to most cot and stroller bars, so it travels with the baby from three months. The infant reaches out to touch Teddy, feels the body and head click as they move, and bends the arms and legs into different poses. Talking about what Teddy is doing turns every position into a small conversation.

KEY FEATURES

-  **Clicking body and head**
Turn them to feel and hear a click.
-  **Moveable arms and legs**
Bend Teddy into many different reaching poses.
-  **Clips to bars**
Attaches to most cot and stroller bars.
-  **Friendly face**
A character for the baby to look at and get to know.

LEARNING & DEVELOPMENT

-  **Fine motor skills**
Reaching for and moving Teddy's limbs practises early grasping and handling.
-  **Cause and effect**
Turning the head or body produces a click every time.
-  **Language development**
Adults describe what Teddy is doing in each new position.
